

SHOALHAVEN PC USERS GROUP NEWS May 2020

*Life in our new world
Our second Virtual Club Meeting is tonight May 15*

From one hermit to you

Our first Virtual meeting , April 24 was very interesting and well attended. In some respects, it was a reminder that original meetings and members were about experimenting with emerging technology.

It was to be expected a few issues would need to be addressed. Interaction was generated as various items and issues were resolved.

A subsequent Zoom session was held to take care of unfinished problem solving. David has become a good driver of this new vehicle to transport the mind to local and distant places including a Drone's eye view of any 'legal' zone.

David ' reminder tells us:

Hi all

Our next meeting will be online via ZOOM
Friday 15 May 2020 evening at 7.30pm

Before you attend the meeting please make sure that your mic and video are working OK.

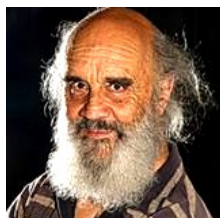

If you are having problems checking your Mic and Video please talk to Richard 0405 707 789 or David 0414 982 010.

On Friday I will.

1. Send out an email with a link which you must click on and down load a small ZOOM program
 2. The email will be sent out some time between 7 and 7.15pm on Friday
 3. You will NOT be able to enter the meeting before the host is connected
- See you all then

Stay Happy and Healthy

David

Advice from a Time Traveller

We are familiar with the notion of time travel and have enjoyed many movies depicting the application of future technology .

This message arrived in my inbox yesterday from a very experienced time traveller:

This issue should have been in the mail a few days ago but in isolation, I've been doing more thinking than doing.

My new-week resolution is to send a better letter in the next few days.

Several members have been active on Facebook and other media, so the easy way out is to use some of the news that arrives in my mail and share it with you.

Some of it should be news, some gossip and maybe a thought or two of my own.

See you on line.

Frank
